SUMMARY

Motivated and responsible junior full-stack web developer currently pursuing a PhD. Quick to learn, proactive in problem-solving, and comfortable working in a team. Looking for my first commercial experience in building modern web applications. Skilled in JavaScript, React, Node.js, and PostgreSQL.

LANGUAGES

Ukrainian (Native)
Russian (Native)
English (Intermediate)

SKILLS

- JavaScript(ES6+), React, HTML, CSS
- Node.js, Express.js, PostgreSQL, MongoDB Atlas, Mongoose, Sequelize
- JWT, Google OAuth, Git, GitHub, REST API, Socket.io, Vercel, Render

WORK EXPERIENCE

Assistant Lecturer in Odessa National Maritime University (2024-Present)

- Assisted students in analyzing and debugging code written in C#, Python, and JavaScript

PROJECTS

Online Store Web App

A fullstack e-commerce application with admin panel, product catalog, filtering by categories and brands, shopping cart, and user authentication via JWT.

- React, Tailwind CSS, Bootstrap, Express.js, REST API, JWT, Sequelize, PostgreSQL, CORS

Code: <https://github.com/SerhiySokalskiy/online-store>

Real-time Chat App

A fully functional chat application with user authentication, registration, message history storage, server auto-response, and real-time messaging based on Socket.io.

- React, Node.js, Express, MongoDB (Atlas), Socket.io

Code: <https://github.com/SerhiySokalskiy/chat-app>

EDUCATION

Odesa Polytechnic National University:

- Bachelor of Computer Science (2017-2021)
- Master of Cybersecurity (2021-2022)
- PhD of Cybersecurity (2023-Present)

Courses:

- English Prime
- The Complete Full-Stack Web Development Bootcamp by Angela Yu
